Daniel was suffering from a brain tumor when he accepted Christ as his savior. Instantly he was healed and filled with Holy Ghost. A miracle healed him of his inflection and he was

Seek God like you desire Food
Pastor Preston**

Amos 5:4: ⁴For thus says the Lord to the house of Israel: Seek Me [inquire for and of Me and require Me as you require food] and you shall live!

Many are trying to please God by doing good works, running to meetings or being religious. The Lord has always wanted a relationship that was pure and based on His goodness, His provisions and His blood. God says in His Word in Matthew 6:33, "Seek first His Kingdom

and His righteousness, and all these things will be given to you as well." We must become so hungry for the Lord that we would never miss a time to be in His presence. Let us begin to take three or more times a day to dedicate worship time with the same faithfulness, we invest in eating. Imagine a world where the hunger of God's people was so great that we craved Him with this enthusiasm. Imagine when we missed a fellowship appointment with God, our hearts would cry out until we satisfied our hunger. This is the will of the Lord for your life and for mine. Lord, please help us to turn our hearts toward you. Amen

Chlorine in Your Baby Carrots-Must Read

The small cocktail or "baby" carrots you buy are made using the larger crooked or deformed carrots which are put through a machine which cuts and shapes them into cocktail carrots. You might have known that already. But what you might not know is that once the carrots are cut and shaped into cocktail carrots, they are dipped in a solution of water and chlorine in order to preserve them. When a baby carrot turns white ("white blushing"), this causes the bags of carrots to be pulled from the shelf and thrown away. To prevent this consumer waste, the carrots are dipped in chlorine to prevent the white blushing from happening. Chlorine is a very well-known carcinogen. Organic growers instead use a citrus based, nontoxic solution called Citrox.

Mosquitoes deliver malaria 'vaccine' through bites

AP - In a daring experiment in Europe, scientists used mosquitoes as flying needles to deliver a "vaccine" of live malaria parasites through their bites. The results were astounding: Everyone in the vaccine group acquired immunity to malaria; everyone in a non-vaccinated comparison group did not, and developed malaria when exposed to the parasites later.

called into ministry. Within a few days, God called him to Russia for world missions. God gave him a witness that led 40 of his school classmates to Christ. Shortly God made a way for him to go on a freighter to minister throughout Europe and smuggle bibles into the iron curtain. God has used Daniel to plant over 300 churches in the enemy's camp. God has sent him to 100 nations and 40 states to share the uncorruptable Word of deliverance to the captives and unfailing love to the unlovely. Healed of cancer twice and raised from the dead for His glory. For more information about Daniel come to the meeting and bring a friend.

Praise Reports

Blessed with the Word

A person presented to me the story of Abraham in a way that answered a lot of questions I had about this story. Much of my confusion was lifted and the wisdom of God was clear about His love for Abraham, Jesus and for me. Thank You Holy Ghost.

Word of Knowledge

A person told me that I was about to have a baby. I thought that would be nice, however I didn't understand how this person would know that my husband and me were believing for a baby. One week later, my husband and I found out we were pregnant. God answered our prayers and sent one of His messengers to speak life into our faith. Amen

Blessing of Abundance

I was able to attend a meeting at a time when I was at the end of my rope. God had to give me a breakthrough before I had a breakdown. The prophecy came that spoke to my spirit and lightened my load for His glory. The very next week open doors of blessings came to my household from every direction. Thank You Jesus for answering my prayers. Amen
